

## ***Journal van de begrafenissen op Zeeburg, 1884-1933***

***Stadsarchief*** [714: 2115](#).

In dit 'journaal' zijn vastgelegd: *nefalim* en na hun 30ste levensdag overleden kinderen, alsmede geamputeerde lichaamsdelen, verwijderde tumoren, en soortgelijke die kennelijk eveneens in kindervakken begraven werden.

De lijst hieronder betreft alleen de miskramen (aangeduid als N1) en de doodgeboren kinderen (N2).

Het *vaknummer* is ontleend aan mijn reconstructie van de vakken van het grote zuidelijke veld van Zeeburg dat van 1850 tot halverwege de twintigste eeuw in gebruik was. Zie [Naar een plattegrond van \(een deel van\) de begraafplaats \(pdf\)](#). Het *bladzijnummer* is het volgnummer van de scans van het 'journaal' op de site van het stadsarchief. Onder 'BS' staat het boek- en bladzijnummer van de overlijdensakte (voor zo ver ik die heb opgezocht).

*Bart Voorzanger*

*juli 2018*
